

Crockpot French Dip Sandwiches (Kelsi)

Ingredients:

2-4 lbs. Beef Chuck Roast

2 cans Beef Consommé

1 pkg. Italian dressing

Sandwich rolls

Butter

Provolone Cheese

Instructions:

1. Add roast, Beef Consommé, and Italian dressing to the crockpot and cook on low for 8 hours, or until meat shreds easily with a fork.
2. After meat is cooked and shredded, butter your sandwich rolls, place Provolone cheese on the bottom side, and broil them in the oven for a couple of minutes (The butter acts as a barrier so that the extra juice from the meat doesn't make your buns soggy in like 2 seconds).
3. Add the meat to your toasted sandwich rolls and serve with remaining juice for dipping.

Optional: You can add carrots and potatoes to cook with the roast as a easy side to the dish. Just scoop them out once they are the desired softness (usually the end of the cooking time).
